

ICAROS Virtual Reality Simulator rental for trade fairs and events

Virtual reality flight simulator – fitness equipment – and much more

Rent the Virtual Reality Simulator ICAROS for your booth or event. The ICAROS can also be extended wirelessly with our [Virtual Reality Arena wirelessly with HTC VIVE PRO VR glasses and high-end gaming PC](#).

Videos of the various experiences & simulations of ICAROS:

Engadin:

Fly with ICAROS through real landscapes. In the app "Engadin" you experience the Swiss Alps from a unique perspective. Explore the breathtaking scenery, master our summit park tour or follow an eagle flight through the spectacular scenery.

FLIGHT:

The glacier landscape offers a round flight mode as well as various courses and a shooter.

AIM:

Fly through a breathtaking mountain landscape. Choose from different game modes and crack the high score. Ideal for "newbies".

GRAVITY:

Lawn in free fall from the universe of the earth. Two game modes provide you with an intense workout and demand everything from you.

DEEP :

Explore a fascinating underwater world. Dive with sharks and whales or defend the reef against torpedo attacks.

ICARACE :

The global online multiplayer. Join live against ICAROS pilots from around the world.
